

University of North Texas

Environmental Science Professional Science Masters Degree Plan

(please type)

The Professional Science Master's degree has a six (6) year time limit, meaning that any course that exceeds the six year time limit will not count for the master's degree.

Responsibility for reading catalog requirements and for knowing when program has been completed rests entirely with the student. Application for graduation must be filed in the office of the Toulouse School of Graduate Studies before the appropriate deadline date (see Graduate School calendar).
